## FAMILY ARK ACTIVITY

1:00 – 1:30 PM Monday - Friday

### INTRODUCTION TO THE FAMILY ARK

Alma challenged us to “...stand as witnesses of God at all times, and in all things, and in all places that ye may be in, even until death, that ye may be redeemed of God, and be numbered with those of the first resurrection, that ye may have eternal life... (Mosiah 9:40).”

A Family Ark is a way to remember and share experiences we have with the Lord -- the BIG ones along with the small. The ancient Hebrews kept reminders of big experiences in the Ark of the Covenant. We encourage each individual and family to have their own “Ark” to enhance your spiritual life.

One of the best ways each of us can help others come to Christ is to share how knowing Jesus has made a difference in our life. Please join us on this journey to record and share your testimonies.

During Family Ark time each day, we invite you to meet with your immediate family as well as those you might “adopt” this week, to read, share testimonies, and pray together. If possible please keep your groups smaller than eight so everyone has time to participate.

We hope this quiet devotional time just before rest period will be a blessing to you and your families this week and continue to bless your missionary efforts when you return home.

# AFTERNOON CLASSES *(Open to All)*

Session 1 2:40 – 3:40 pm

## THE BOOK OF MORMON AND ISLAM

Ron Smith

**Shaw 179** Sponsored

The Book of Mormon has long been regarded as a key to taking the Gospel of the Kingdom to the Jews. This class will examine the Book of Mormon and its potential for opening new doors of witness to Islam. It will address concepts and beliefs as well as what the Qur'an says that may give place for the Book of Mormon in conversations with Muslims.

## COME OFF CONQUERERS

Betty Vickery

**Helene 101**

Often the adversary reigns in our lives because of ignorance. He uses it to pretend to have power he does not have, deceiving us into failure. The knowledge of Christ gives us authority over him in our lives. In this class we will examine the power that God has and the power that He shares with man. By focusing on Christ and how He works, the methods and deceptions of the adversary are exposed and he becomes powerless.

## BOOK OF MORMON GEOGRAPHY

Aric Turner

**Shaw 140**

This class covers the overall locations of Book of Mormon cities and places. It contains proofs that the BoM was not written by (just translated by) Joseph Smith, Jr., and discusses "How to determine if a geography theory matches the Book of Mormon," by considering City Growth Patterns, Travel Patterns, City Destructions, and finally the Plants and Animals of the BoM.

## MISSIONARY FAMILY REUNION

### VISION

*We envision a body of Christ, valiant in testimony and outreach to others. We envision a people who seek opportunities to share Jesus’ love with others on a consistent (at least daily) basis. We envision the Gospel going throughout all the world in our day.*

### MISSION

*The Missionary Family Reunion seeks to glorify God in an environment free of religious politics, as the premier venue where individuals learn to obtain their own, concrete testimony of Jesus in their life. It provides the tools and training needed to teach the body of Christ to share these testimonies of His love with others. The Missionary Family Reunion provides a training environment for missionary-minded individuals to motivate the body of Christ into active service by sharing their own testimonies through affirmative, missionary-focused preaching, worship and classes.*

### GOALS

- To feed the people spiritually while teaching missionary methods.
- To draw families closer together through communication exercises, activities, and testimony.
- To preach motivating missionary sermons, rich in testimony.
- To encourage Saints to share their testimonies and recognize God’s blessings when they do.
- To create an opportunity for Saints of all ages to get practical experience witnessing to others.
- To be self-sufficient in meeting our financial obligations.
